

# The Virtual 25th Annual Conference on Advancing School Mental Health

## Exhibitor Toolkit

The National Center for School Mental Health (NCSMG) is creating a repository of exhibit displays. We expect hundreds of professionals to view your resources!

- Display your information in one slide or image.
- Either share the image with us alone, or record a 5-minute video sharing your information (be sure to cover your main points and review).
- Upload your video file and any other handouts to your unique link for uploading (provided by Megan Prass at [mprass@som.umaryland.edu](mailto:mprass@som.umaryland.edu)).

The live portion of the conference is 10/29, 2020, 12-3p ET. Exhibits will be displayed on our website from before the conference until November 29, 2020. There will be a dedicated page for exhibitors. Cost is \$300 for profit agencies and \$200 for nonprofits.

### Exhibitor slide or image

can include:

- Contact information
- Agency goals
- Population served
- Services rendered
- Relevant data
- Successes and challenges
- Testimonials
- Images
