You Can't Do It Alone: Ohio County Schools Community and School Collaboration on Mental Health

Allyson Kangisser, Pam Fazzini, Heather Hines and Jessica Watt
What will we learn today?

Objective 1
Identify three evidence based curriculums to implement in elementary schools at Tier 1

Objective 2
Identify three community/schools connections to assist in developing school-based mental health programs at Tier 2.

Objective 3
Identify three methods to facilitate communication between schools and mental health providers, focusing at the Tier 3 levels.

Our Story

ESMH has grown from one site at Madison Elementary in Ohio County in 2009 to five sites in 2017 (Elm Grove Elementary School, Middle Creek Elementary School, Woodsdale Elementary School)
Plus: Triadelphia Middle School through YSS

Why we wanted mental health programs in our schools:
• Opioid crisis (WV is in the heart of it)
• Frequent Child Protective Services reports on abuse/neglect
• Increased removal from homes
• Over worked/backlogged DHHR workers
• Incarcerated parents
• Poverty
• Decrease stigma
Definition of ESMH

*Expanded School Mental Health* refers to programs that build on the core services typically provided by schools. It is a three-tiered framework that includes the full continuum of:

- Prevention
- Early intervention
- Treatment
- Emphasizes *shared responsibility* between schools and community providers

Why ESMH works for Ohio County Schools

• Monthly meetings-Curriculum, Program, & Budget Planning
• Joint conference attendance
• Weekly emails
• Daily texts
• Collaboration amongst schools is key!

• Decrease stigma of mental health services in public schools
• Meets high needs
• Education students and parents on services available
• Transportation does not inhibit services
• Cost can be worked out by agencies
• Community agencies see it as a way "in"
• Strong desire from school staff to help children
What is Tier 1?

Pam Fazzini

Intentional, ongoing strategies to teach students and their families the skills, knowledge, attitudes and dispositions needed to be successful in school, at home, and in the community.

Tier 1 services are intended to support the success of ALL students, reducing the need for more intensive Tier 2 or Tier 3 services.
Classroom curriculum & lessons

Creating a caring, trusting, respectful school environment

Systematic and sequential programming from preschool through 5th grade

Teaching expected behaviors and problem-solving skills

School-wide positive behavioral interventions and supports
Tier 1
Our favorite curriculums:

How did counseling make you feel?

No act of kindness is ever wasted
--AESOP
Elm Grove Elementary – Tier 2 & Tier 3
What can you do in your school?
What community resources are out there?
Could you or someone else obtain a grant to pay for curriculum or programming?
Is something free out there that you can use?
What's your next step?
Who else can help?
Thank you!
