

*From Start to Finish: Supporting a Holistic
School Mental Health Program as a
Community Partner.*

YOUR COURAGE, OUR GUIDANCE
FOUR COUNTY

Jessica Crume, MSW, LSW
Director of School and
Community Based Services
Central Region
Four County Counseling Center

Lisa Willis-Gidley, BGS
Assistant VP of Northern
and Southern Regions
Four County Counseling Center

Tiffany Greiner, BS
Program Development Specialist
Central Region
Four County Counseling Center

Session Objectives

- **Objective One: Participants will list three strategies to obtain quality data from school partners to engage in data-driven decision-making processes in support of successful mental health implementation.**
- **Objective Two: Participants will learn how to use data to guide targeted mental health program development and implementation as well as ongoing quality improvement.**
- **Objective Three: Participants will develop an understanding of how to train a leadership team that can replicate effective programs and support schools on a larger scale.**

Relationship Building is KEY!

- **Engage in productive dialogue with schools regarding mental health integration.**
 - Initial school contacts
 - Frequent and informative meetings with school administrators
 - Creating a common language
 - Relationships, Relationships, Relationships

Data Collection Uses and Implementation

- **Collect informative data efficiently regarding individual school needs.**
 - **School data survey**
- **Data measures that assist with determining effectiveness of programs.**
 - **Utilizing universal screening tools**
