Impetus for Program

- Schools are oppressive places for LGBT2Q+ youth
(Taylor et al., 2011)
- Prejudice, discrimination, and stigma are strongly linked to mental health concerns and substance abuse among sexual and gender minority youth
(Meyer, 2003; Nishina, Juvonen, & Witkow, 2005; Padilla, Crisp, & Rew, 2010)
- School-based programs “...have the potential to address the unique stressors that place LGBTQ youth at risk within the same ecological system where these stressors are frequently encountered”
(Heck, 2015, p. 2)

Impetus for Program

- Mental distress is associated with Gender Nonconformity (GNC) among female and male students
- Substance use is strongly associated with GNC among male students
- Findings highlight the importance of implementing school-based programs that embrace gender diversity to prevent substance use and promote student mental health

Lowry, Johns, Gordon, Austin, Robin, & Kann, (2018). Nonconforming Gender Expression and Associated Mental Distress and Substance Use Among High School Students. *JAMA Pediatrics*. doi:10.1001/jamapediatrics.2018.2140

LGBT2Q+ Youth

Programming

- **GSA**s are relevant venues to **reach LGBT2Q+ youth** and deliver mental health promotion programs
(Heck, 2015; Lapointe, Dunlop, & Crooks, 2018)
- GSAs should offer **structured programming** (e.g., guided questions) to encourage LGBT2Q+ youth to cope with victimization in healthy ways (Poteat, Heck, Yoshikawa, & Calzo, 2017)

HRP for LGBTQ+ Youth

Program Development

- Adapted from the Healthy Relationship Plus Program (HRPP)
 - Evidence-informed, small group universal prevention program

Program Focus

- Affirms, validates, and celebrates LGBTQ+ identities, expressions, and experiences
- Builds a caring and supportive community
- Explores stressors unique to LGBTQ+ youth
- Promotes healthy coping strategies
- Encourages student-led dialogue

Facilitators' Experiences with the HRP for LGBT2Q+ Youth

Structure and Focus

“I found it **very easy to follow** – the sessions are all organized very clearly and the **sample responses** are helpful as well.”

“I loved how everything was framed in the program and so thoughtfully done...I loved having positive affirmations at the end [of sessions] and a sense of closure. I loved it. I think the kids in my group loved it...just those **positive affirmations** at the end...the **guiding questions**, having **established rules**. I thought it was all really incredibly wonderful and **I definitely think having it available for a GSA is brilliant.**”

Results

Introducing Important Topics and Promoting In-Depth Discussions

“...I feel like the program helped to prompt some topics and guide some of the conversations; whereas...we might not have brought up the same topics...**the program sort of brought up some topics we wouldn't have considered by ourselves...it did a better job at, like, promoting topics and discussion than, like, we would have by ourselves**” (Sidney, School 2)

“I find the structure is really useful. Especially when we don't have the sessions or don't have a set thing to talk about during the meetings. We just sort of talk about our own lives. Which in some cases is good, but **I find the structure is useful and we sort of learn more things than we would just talking**” (Casey, School 1)

Results

Exploring and Affirming Sexual and Gender Diversity

“...I liked session two, the mine to name one, because I liked having...a space where **I could describe my own identity, and it would be valid and people wouldn't be like, 'that's not real'** (Sidney, School 2)

“**I think I discovered a little more of myself. You know, I started kind of realizing, 'Hey, like, maybe there's more to gender for me, personally...kind of like figuring out who I am'**...because, you know, when you talk about...the spectrum and, you know, where you can fit...I was kind of imagining in my head and I was like, 'hey, this kind of make sense'...just helping me personally with things like that” (Cori, School 2)

Results

Sharing with and Learning From Peers

“...[the program] kind of gives us a way to **talk to each other and share opinions...**” (Jean, School 4)

“...the coming out lesson got us all talking and maybe learning more about each other and our situations at home, which **led to better support systems**” (Harley, School 5)

Results

Developing Coping Strategies

“Like honestly, it’s all stuff to help you in life...it’s to help you be...a stronger person...it was all...really good to see, like, different ways of coping and dealing with stuff” (Jesse, School 6)

“I mean some of [the sessions] got heated ‘cause we’d get talking about our family and then the rage would appear...But **we did...get to talk about like, ‘oh, how should I handle my peers doing this’? ‘How should I handle my family doing this’? How should I handle my partner doing this’?**” (Cass, School 5)
