**GAME SYSTEM**

## JOIN MIGHTIER

Play at home or on the go.

### How it works:

- Mightier helps children ages 6-12 who struggle with their emotions develop coping skills through playing video games.
- Over time and continuous practice (**3 times a week, for 15-20 minutes at a time, for 90 days**), the coping skills will become automatic even when your child faces real world challenges.

### What you will get:

- Mightier game system and child heart rate monitor (yours to keep)
- Support available from the **Mightier Family Care Team** of trained clinicians 7 days a week.
- Access to the **Mightier Parent Community**

**87% of families report improvement in their child's behavior after 3 months.**

### Mightier Subscription Costs:

- **\$40**/1-month subscription
- **\$204**/6-month subscription
- **\$336**/12-month subscription
