- The babysitter will arrive 15 minutes early to make sure you can be on-time and to go over instructions, paperwork, and any consent forms with you.
- There is a range of experience and interests among the childcare providers. Most of the babysitters are undergraduates or graduate students majoring in nursing or are pre-med. Among our babysitters are also graduate students in areas such as international business, economics, and teaching. We have lifeguards, EMTs, teachers and professional nannies as well as teachers who specialize in children with special needs. Some have taken Child Development classes and all simply love children. We are bilingual in over half a dozen languages. Our sitters' experience, references, and talents speak for themselves.
- Our childcare provider will bring games, books, and other age-appropriate toys and activities for the children to your hotel or other destination.
- Destination Sitters babysitting requests for one-day and only 4 hours must be cancelled at least 24 hours in advance of the reserved babysitting start time or a 4-hour minimum charge at the confirmed hourly rate will be charged. For two, three or more multi-day sittings of 4 hours each, a 4-hour minimum charge at the confirmed hourly rate will be charged for each day that sittings have been booked, unless the sittings are cancelled the same number of days in advance.
